TOOL CASES *and* CHESTS

for the up-to-date

Toolmaker & Machinist.

BUILT BY

H. Gerstner & Sons
DAYTON, OHIO

Style 70—Two Sizes

A LOW PRICED, substantially constructed Tool Case. By making up this style in large quantities we are enabled to give a value that can't be beat. Covered with imitation leather, fitted with nickel plated trimmings, a good lock with two flat keys—each case having different keys. Four top drawers have felt lined bottoms. Lid is removable and can be slid under the bottom drawer. Drawer fronts are of Oak.

Style 70B.....20"x10½"x9¼".....Price 11.50

Style 031—Three Sizes

THIS case is similar to our standard No. 31 Case, but not covered. It is made of nicely figured quartered oak, in the medium or dark finish, hand rubbed and polished. Corners are dovetailed and rounded. The paneled lid forms a felt lined tray on the inside, is self-hinging, and rolls under the bottom drawer on steel bearings. This case is strictly Gerstner Quality and equal to our best in every respect.

Style 18-28-38

A PRACTICAL and compact Tool Case for toolmakers and machinists. One of the three sizes will meet the requirements of most any mechanic. Built first class in every detail and covered with best quality of imitation seal grain leather. Drawers are nicely finished, have felt lined bottoms, and run on hardwood slides. A self-hinging lid slides under bottom drawer and closes with a cylinder flat key lock. Trimmings are nickeled steel, and a strong re-inforced leather handle is used.

A. Gerstner & Sons

Style 45-55

THIS Portable Tool Case is popular with mechanics desiring several short drawers. The 20-inch length takes in an 18-inch scale and will hold a large kit of tools. This case is substantially constructed of the best materials, covered with black Fabrikoid seal grain leather. The drawer fronts are of nicely figured quartered oak and handsomely finished. Drawer bottoms are felt lined and shellac finished throughout. Equipped with our self-hinging lid having a felt lined tray. Trimmings, lock, handle, etc., are equal to our best.

Style 55.....20"x11½"x9½".....Price **14.50**

Style 14

THIS style meets the demand for a small portable Case with a top till. Being compact, it will take care of the average kit of toolmaker's tools and is easily carried from one job to another. This Case is covered with the best quality of black imitation seal grain leather, neatly tooled, and ought to give a lifetime of good service. Drawers are shellac finished, have felt lined metal bottoms and polished, nicely figured Quartered Oak fronts. Front lid has our patent self-hinging feature and locks automatically when the top lid is down. For a small, neat practical Case this will please the most particular mechanic. Top compartment with recess in top lid is 13" long, 6⅜" wide and 3¼" high.

A. Gerstner & Sons

Style 41—Four Sizes

A POPULAR top till portable Tool Case for Toolmakers and Machinists. High-grade materials and serviceable black Fabrikoid seal grain leather makes this the strongest, roomiest and most handsome case on the market. Drawer fronts are Quartered Oak or Mahogany, trimmings nickeled, top till and drawers felt lined, mirror in top lid. Self-hinging front lid swings up and locks automatically with a patented device. If Quartered Oak (not leather covered) is wanted, specify 041, 041-A, 041-B or 041-C. Prices the same as for covered finish.

Style 31—Four Size

OUR "Standard" Toolmakers' and Machinists' Case. It has a convenient arrangement of different sized drawers—a place for every tool. A neater, more practical or compact tool case was never offered to the up-to-date mechanic. The lid is self-hinging, has a felt lined tray to lay tools on or can be slid under the bottom drawer. The workmanship, material and design can't be beat at any price. Drawer fronts are nicely figured and polished quartered oak, have sheet metal bottoms, felt lined, and trimmings are polished and nickeled.

Style 83—Four Sizes

HERE is a Case that will appeal to the mechanic who does not need an assortment of drawers. It has a large, open compartment instead, and a hinged tray that raises with and supports the lid. Tray has removable partitions.

It is covered with imitation black seal grain leather, fitted with nickeled trimmings, and a good lock; it has a steel cored handle that will carry all the tools you can put into the case.

The two medium sizes will take an 18" and a 24" scale, respectively. The larger size will take in saws, level, etc., and is suitable for carpenter's use.

The prices are low, but these cases are unusual values. Dimensions given below are outside sizes, and are length, height and width respectively.

Style 83	13 "x 7"x6 "	Price	$4.50
Style 83A	19½"x 9"x8¼"	Price	6.00

About GERSTNER CASES and CHESTS

On the pages of this display folder, you will see the very latest line of Gerstner Cases and Chests. Besides being the recognized standard in workmanship, materials and design, our product is universally designated as THE QUALITY LINE.

When we began the manufacture of these goods, years ago, we made QUALITY our motto and we have never deviated from this policy. Not only have we profitted by this practice, but the buyer of Gerstner Case profits also in becoming the owner of a Case that is well built, neat and unusually convenient.

We employ skilled workmen who have devoted years of their time in perfecting our line of Cases and with the best of materials at their command, you are assured of a Tool Case that can't be beat. Besides the standard numbers we build special Cases to order and will be pleased to quote on your specifications.

Because of the great care we use in the manufacture of our product, we place before you the STRONG GUARANTEE which you will find on the last page of this folder.

When you are ready to buy, compare our Cases, point for point, with those of any other make and we feel sure that you will decide to buy the Case with our name and guarantee.

The best is none too good and always the cheapest in the long run.

DESCRIPTION

The following details are essential to a high-grade product and you'll find more inside drawer space in "Gerstner" Cases. We guarantee them superior in every way to any Tool Case on the market.

Frame or Body—Thoroughly seasoned basswood and laminated poplar, lock cornered and glued. Corners are rounded, but not too much to weaken the Case. "Gerstner" Cases are built to "stand up" under any condition.

Finish—The best quality of imitation black seal grain leather is used. This is neat and serviceable and guaranteed not to turn color. Our Cases are handsomely tooled and there are no raw edges to start loose. Quartered Oak Cases are regularly finished English Oak, highly polished and rubbed.

Drawers—Lock cornered and glued. Small drawers have sheet metal and large drawers have three-ply birch bottoms, lined with dark green felt. Drawers fit snug, yet slide easily on hardwood slides, and will not bind or stick. Drawer fronts are nicely finished and beaded.

Fittings—We furnish highly nickeled trimmings in harmony with the design of the Case. Top till Cases have a patented automatic locking device.

Locks—Brass cylinder locks with two flat steel keys, each lock with different keys. Open Top Cases are fitted with a combined catch and lock type, having two keys.

Handles—Extra strong and comfortable leather handle re-inforced with a steel rod through center. Strong loops are securely fastened, and will carry any weight.

Lids—All lids or doors are well paneled and will not warp or twist. Lids are self-hinging and do not rub on bottom of the Case when slid in under the bottom drawers.

Specials—We build special Cases and Chests to order. Any style can be changed to meet your requirement. Prices quoted on request.
